About the Summit

Hospital Claims, Revenue Cycle & Insurance Automation Summit

HealthClaims India is a focused one-day conference and solutions marketplace that brings together hospitals, insurers, TPAs, revenue-cycle leaders, policy stakeholders and claims-technology innovators to share insights, showcase solutions and build partnerships that accelerate faster claims, stronger cash flow and operational efficiency.

Why Now?

NHCX & Interoperability

National standards and exchange enable seamless, paperless claims.

AI-driven Claims Automation

Intelligent automation reduces cycle time, errors and operational costs.

Fraud, Waste & Abuse Control

Advanced analytics and risk scoring protect margins and ensure integrity.

Revenue-cycle Optimisation & Faster Settlements

End-to-end visibility improves cash flow and accelerates settlements.

Why Bengaluru First?

- Leading health-tech and digital innovation hub
- Strong private-hospital ecosystem
- Access to South India decision-makers
- Ideal launchpad for national expansion
